

## Computer 6th Class Urdu Medium Chapter 1 Online Test

Sr	Questions	Answers Choice
1	What is the fifth step, in the problem-solving process.	A. Test the solution B. Selecting the best solution C. Problem analysis D. Planning solution
2	What type of translator is needed for assembly language.	A. High -level language translator B. Intermediate language translator C. Assembler program D. Program constructs translator
3	What is the purpose of limiting hand and finger movement while typing.	A. To play games B. To increase typing speed C. To improve typing style D. To increase typing accuracy
4	What replaced vacuum tubes in second generation computers.	A. RAM B. Integrated circuits C. Transistors D. Microprocessors
5	What was used for the circuitry in first generation computers.	A. Vacuum tubes B. Transistors C. Integrated circuits D. Microprocessors
6	Breaking down a big problem into smaller problems is called.	A. Problem identification B. Problem decomposition C. Planning solution D. Selecting best solution
7	--- are entrepreneurs who use others business ideas as inspiration but work towards improving them.	A. Imitators B. Hustlers C. Scalable D. Social
8	What is the default character called in Scratch	A. Stage B. Sprites C. X and Y D. Script Area
9	ICT is an umbrella term that includes.	A. Television B. Cell phones C. Communication devices D. All
10	Software that is designed to run computer's hardware is called.	A. Application software B. Utility software C. System software D. Embedded software
11	The purpose of decomposition in algorithmic thinking is to	A. Solve a specific problem B. Design new and improved systems C. Break down complicated problems into smaller problems D. Identify the sequence of operations
12	A ..... business does not require a physical existence.	A. Traditional B. Commercial C. Digital online D. Conventional
13	What type of operating system is Windows.	A. Open -source software B. Computer operating software used by Apple C. Graphical operating system developed by Microsoft D. UNIX-like, community-developed and open -source -operating system
14	What is the goal of problem -solving.	A. To generate appropriate solutions B. To identify the problem C. To test the solution D. To plan the solution

15	What is the purpose of confidentiality while surfing online.	<p>A. To protect the identity of participants</p> <p>B. To share personal information</p> <p>C. To determine if the information is timely</p> <p>D. To ensure the information is relevant to your work</p>
16	Input device which is used to transfer hardcopy into a computer is called.	<p>A. Mouse</p> <p>B. Joystick</p> <p>C. Scanner</p> <p>D. Keyboard</p>
17	What is a problem in problem-solving.	<p>A. A task to be performed</p> <p>B. A situation to be analyzed</p> <p>C. A solution to be selected</p> <p>D. A plan to be implemented</p>
18	What is the final step in the systematic problem-solving process.	<p>A. Problem definition</p> <p>B. Problem analysis</p> <p>C. Planning solution</p> <p>D. Selecting the best solution</p>
19	What does the change size by block do in the looks block category.	<p>A. Changes the size of the sprite by a given amount</p> <p>B. Displays text in a thought bubble</p> <p>C. Makes the sprite disappear</p> <p>D. Plays a sound and waits for it to finish</p>
20	What is the significance of programming skills for students.	<p>A. To become digital consumers</p> <p>B. To maximize technology investments</p> <p>C. To troubleshoot automation tools</p> <p>D. None of the above</p>
21	What are the two directions in which a robot can move in a maze problem.	<p>A. Forward and down</p> <p>B. Up and left</p> <p>C. Right and down</p> <p>D. Forward and back</p>
22	Which of the following is not a computer lab rule.	<p>A. No food or drinks</p> <p>B. Save your work often</p> <p>C. Do not use printer in lab</p> <p>D. Do not go on unapproved sites</p>
23	The function of operating system in system software is to.	<p>A. Connect to the internet</p> <p>B. Control devices and peripherals</p> <p>C. Run the hardware and application programs</p> <p>D. Perform specific functions for the user</p>
24	What was the period of our generation computers.	<p>A. 1940-1955</p> <p>B. 1957-1963</p> <p>C. 1971-1980</p> <p>D. 1964-1971</p>
25	You can open the previously saved program from the computer by clicking on the..... menu.	<p>A. View</p> <p>B. Edit</p> <p>C. File</p> <p>D. Save</p>
26	ICT devices are used in different industries for.	<p>A. Picking goods</p> <p>B. 3D Printing</p> <p>C. Lifting heavy parts</p> <p>D. All</p>
27	----- is the link to the original file	<p>A. Icon</p> <p>B. Shortcut</p> <p>C. Taskbar</p> <p>D. Folder</p>
28	What is the most commonly used capacity measurement unit for Hard Disk Drives.	<p>A. Megabytes</p> <p>B. Gigabytes</p> <p>C. Terabytes</p> <p>D. Zettabytes</p>
29	What does algorithmic thinking provide a unique way to solve.	<p>A. Problems in general</p> <p>B. A specific problem</p> <p>C. A new and improved system</p> <p>D. Irrelevant detail</p>
30	How ICT can be helpful in financial matters.	<p>A. E-banking</p> <p>B. Electronic fund transfer</p> <p>C. Automating financial transactions</p> <p>D. Online government services</p>

A. To process data and produce the

31	What is the main purpose of a computer.	A. to process data and produce the desired information B. To save data C. To provide input D. To display output
32	What type of data can a computer store for future use.	A. Input data only B. Output data only C. Both input and output data D. Neither input nor output data
33	What type of display is used in modern monitors.	A. CRT B. SMD LED C. TFT or LCD D. Plasma Display
34	What type of data can be entered into a computer using a microphone.	A. Text data B. Video data C. Audio data D. Image data
35	How many steps are there in the problem solving process.	A. 4 B. 5 C. 6 D. 7
36	What is the currency in source analysis.	A. Relevancy of the information B. Time lines of the information C. Reliability of the content D. Reason for the information existence
37	What is the importance of using critical thinking on the internet.	A. To promote misinformation B. To facilitate informed decision making C. To ignore digital issues D. To restrict access to technology
38	OCR stand for	A. Optical correct Reading B. Optical Character Reader C. Optimal Copy Reading D. Optical Character Reading
39	What is a hard disk drive.	A. A volatile secondary storage device B. An optical storage device C. A primary storage device D. A non-volatile secondary storage device
40	Thinking the domain of problem and ignoring irrelevant material is called.	A. Algorithmic design B. Pattern identification C. Problem decomposition D. Abstraction
41	What is the purpose of an assembler in assembly programming languages.	A. To translate the code into machine language B. To run the program C. To store the program D. To debug the program
42	What is the role of online communication in digital citizenship	A. To restrict communication B. To promote miscommunication C. To facilitate communication D. To ignore communication
43	Antivirus is an example of.	A. Application software B. Utility program C. Device driver D. Operating system
44	What is plagiarism.	A. Presenting your own work as someone else's B. Presenting someone else's work as your own C. Creating original work without referencing sources D. Not using sources at all
45	What is a doodle in the context of 3D models.	A. A random drawing or scribbling B. A predetermined shape C. A 2D image D. A 3D illustration
46	Which of the following is not an input device.	A. Keyboard B. Speaker C. Mouse D. Scanner
		A. Taking responsibility for others

47	What is another responsibility for a citizen.	A. Taking responsibility for others actions B. disrespecting the property of others C. Lack of compassion D. Taking responsibility for your actions
48	What is the main difference between social entrepreneurship and scalable startup entrepreneurship	A. The focus of the business B. The size of the business C. The kind of employees hired D. The goal of the business
49	What is self -Plagiarism.	A. Reusing work that you have already submitted B. Reusing work that someone else has submitted C. Creating new work without refereneing sources. D. Properly citing sources in previous work.
50	The purpose of software is to.	A. Tell a computer how to function B. Monitor the compuer's hardware C. Store data and information D. Connect to the internet
51	What is the final result of data processing referred to as.	A. Input B. Processing C. Output D. Storage
52	What type of software allows users to create and edi digital art.	A. Entertainment software B. Productivity and reference software C. Education and reference software D. Security software
53	What was the period of second generation computers.	A. 1940-1955 B. 1957-1963 C. 1964-1971 D. 1971-1980
54	What is the purpose fo a shortcut.	A. To make it easier to access a file or folder B. To store data in a separate unit C. To organize files and folders in a virtual location D. To open and edit a file
55	What is the latest stable version of Windows as of 2022.	A. Windows 10 B. Windows 8 C. Windows 7 D. Windows 11
56	How does a digital citizen participate in society, politics and government.	A. Ignores digital tehnology B. Unaware of digital impact C. Uses the internet and technology effectively D. Doesn't use digital tech
57	Whihc of the following is NOTan example of utility software.	A. Antiverius B. Online shopping website C. File management tool D. Disk cleanup tool
58	What are teh two most common types of printers.	A. Inkjet and CRT B. Laser and CRT C. Inkjet and Laser D. CRT and Plotter
59	What type of flow is used to print a table of given number up to 10.	A. Sequntial flow B. Conditional flow C. Repetitive flow D. None of the above
60	What is the purpose of an antivirus utility.	A. To manage file operations B. To protect the computer from malware and virus attacks C. To perform disk cleanup D. To compress files
61	Who is a combination of an innovator and a hustler.	A. Small business entrepreneur B. Large company entrepreneur C. Scalable startup entrepreneur D. Imitator entrepreneur
62	What kind of softeare is used to enhance learnign skills	A. Entertainment software B. Productivity software

62	What kind of software is used to enhance teaching/learning.	C. Education and reference software D. Security software
63	How do you add a block to the Scratch program.	A. Right click on the block B. Press Ctrl+ Z C. Click and drag D. Click on Load
64	What type of device is a microphone in a computer system.	A. Output device B. Input device C. Memor device D. Control device
65	A person who develops the skills to effectively use the internet and other digital technology are called.	A. Citizen B. Digital Citizen C. Technical citizen D. New citizen
66	Presenting other's work or ideas as your with or without consen is called.	A. Copy right B. Piracy C. Plagiarism D. None
67	What is the first step in changing the background image on the Windows desktop.	A. Click on the show Desktop button B. Right -click on the desktop C. Open the file explorer D. Click on the start btton
68	----- is called father fo computer.	A. Pascal B. Howard Aiken C. Charles Babbage D. Al-Khwarizmi
69	In flow , steps will be executed in the same sequence they are written in.	A. Repetitive B. Conditional C. Sequential D. None
70	Theprocess of retrieving data and information from a computer storage is called.	A. Input B. Out put C. Processing D. Retrieval
71	What type of tasks can disk management tools perform.	A. File management operations B. Disk cleanup and organization tasks C. Back up and restore operations D. Compressing and decompressing files
72	What is the variables bloc category used for in Scratch.	A. Moving sprit B. Creating variables C. Controlling script flow D. Playing sounds
73	What can be done from the personalize option on the desktop in Windows.	A. Change the desktop background B. Change the Icons C. Change the desktop layout D. All of the above
74	A /An ... is an individual who initiates a new business and bears most of the risks associated and enjoys most of the rewards.	A. Buyer B. Seller C. Entrepreneur D. Investor
75	What is the primary goal of a social entrepreneur.	A. To make big profits or wealth B. To make the world a better place C. To repidly expand and get big profit returns D. To acquire knowledge of how to sustain innovation
76	Which of the followig is NOT a benefit of algorithmic thinking.	A. Decomposition B. Abstraction and Generalization C. Visualization D. Pattern Recognition
77	Which of following is type fo sensor.	A. Sound sensor B. Pressure sensor C. Light sensor D. All
78	What is a file is a computer.	A. A common storage unit for data B. A virtual place for applications and data C. A link to the file D. A storage device
		A. Plagiarism - _.

79	----- is a type fo intellectual property rights tht protect original works of an owner.	B. Piracy C. Copy right D. None
80	What is the use fo Google Analytics for small or medium-sized organizations.	A. To provide excellent customer service B. To measure user engagement and loyalty C. To steal competitors customers D. To improve marketing campaigns
81	----- is process of defining and decomposing of a problem.	A. Problem analysis B. Planning solution C. Problem identification D. test solution
82	----- plagiarism means recycling your own previous work.	A. Global B. Self C. Patchwork D. Paraphrasing
83	What does authority in source analysis refer to.	A. The source of the information B. The reliability and correctness of the content C. The timelines of the information D. The reason for which the information exists
84	What is the main function of the CPU in a computer system.	A. Inputting data B. Storing data C. Processing data D. Displaying data
85	What is the purpose of a scrach engine.	A. To play games B. To open emails C. To search for information on the internet D. Yp svrdd go;rd
86	----- is a visual programming software.	A. Word B. Excel C. Scratch D. Microsfot Windows
87	What is ghe goal of defining a problem.	A. To make it more complex B. To add abiguity C. To make it more simple and clear D. To make it impossible to solve
88	What should you think about before sharing information online.	A. How to share it B. Who to share it with C. What to share D. All of the above
89	What type of data does a pressure sensor record.	A. Magnetic field B. Motion C. Pressure D. Light
90	What type of data can a magnetic field sensor record.	A. Magnetic field B. Motion C. Humidity D. Sound
91	The ..... category in scratch has blcks for the sprite to ask questions.	A. Looks B. Sound C. Operators D. Sensing
92	How ICT can be helpful in improving decision-making.	A. Data Visualization B. Environmental monitoring C. Business Intelligence D. Predictive analytics
93	A software taht is deveoped to do a specific task on the computer is called.	A. Oerating system B. Entertainment software C. Gamng softeware D. Gaming software
94	What category of the blk is used to check the specified condition in Scratch.	A. Even Block B. Look Block C. Control Block D. Motion Block
95	What is an important aspect of a citizen's behaviour	A. Intolerance B. Dishonesty C. Disregard for the rights of others D. Tolerance

96	How can video content help a business grow.	A. By providing virtual assistant services B. By preventing data breaches C. By increasing brand awareness and conversions D. By measuring user engagement and loyalty
97	What is an example of application software.	A. Windows OS B. Office Suite C. Printer D. Game Controller
98	What is the reward for successful entrepreneurship?	A. Losses B. Decreased prevalence in the market C. Profit, fame, and growth opportunities D. None of the above
99	The final step in the entrepreneurial process is.	A. Planning B. Resourcing C. Harvesting D. Developing
100	First step of systematic process of problem solving is.	A. Problem analysis B. Planning solution C. Problem identification D. Test solution
101	What is the function of Solid State Drive.	A. To store data permanently B. To store data temporarily C. To store data for a limited time D. To store data only when the computer is turned off.
102	_____ is finite sequence of instructions to solve a specific problem.	A. Unspecified instructions B. Specific instructions C. Algorithm D. None
103	Which of the following is not part of CPU?	A. CU B. AU C. MU D. CPU
104	E-business generally has less or..... costs.	A. Hidden B. Fixed C. Overhead D. Variable
105	What is the first step in developing a program.	A. Writing the program B. Analyzing the problem C. Designing the solution D. Documenting and maintaining the program
106	What does the Sprite List in Scratch show.	A. X and Y coordinates B. Script blocks C. Used sprites D. Stage background
107	What is the Looks block category used for in Scratch.	A. Moving sprite B. Changing sprite appearance C. Controlling script flow D. Playing sounds
108	What are instructions given to the computer called?	A. Algorithms B. Documentation C. Flowcharts D. Programs
109	What does the variables category in Scratch contain.	A. Blocks for sprite looks B. Blocks for sprite movement C. Block for variable creating and use D. Blocks for sprite detection
110	Who introduced the idea of internally stored programs in computers.	A. John von Neumann B. Bill Gates C. Steve Jobs D. Mark Zuckerberg
111	Which of the following tool in Paint 3D is used to copy.	A. Crop tool B. Snipping tool C. Clone stamp tool D. Curve tool

A. To store data only when the computer is turned off.

112	What is the function of a Hard Disk Drive.	computer is turned on B. To store data permanently C. To store data temporarily D. To store data for a limited time
113	A----- is a value that remains consistent during the execution of a program.	A. Numbers B. Variable C. Constant D. Algorithm
114	What is the process of algorithmic thinking.	A. A series of systematic and logical steps B. A way of solving a specific problem C. A process without clear instructions D. A way of breaking down problem into smaller problems.
115	The character in Scratch is called.	A. Kodu B. Cat C. Sprite D. Program
116	What is a variable in programming.	A. A constant value B. A syntax rule C. A memory location with a name D. A changeable value
117	Devices that are used to display the result of processing are called.	A. Output devices B. Input devices C. Storage Devices D. Processing devices
118	What is a program.	A. A set of instructions to perform a specific task B. A collection of data and images C. A computer language D. A software with a user interface.
119	ICT is Eco-friendly because it has eliminated the use of.	A. Computer B. Mobile C. Printers D. Papers
120	What are programs translated into by compilers and translators.	A. Data and images B. A user interface C. Machine languages D. A computer language
121	What happens if a program contains a syntax error.	A. It runs correctly B. It crashes C. It has unintended results D. It has no effect
122	----- has enabled business owners and leaders to stay on top of their projects by tracking time and progress.	A. Investments B. Risks C. Ethics D. Technology
123	What is it important for citizens to be compassionate.	A. To harm others B. To show disregard for others C. To spread negativity D. To promote empathy and understanding
124	What is a mouse in a computer system.	A. A joystick device B. A light pen device C. A microphone device D. A cursor-control device
125	The system used to control and monitor movement of cars and crafts is called.	A. Communication system B. Navigation system C. Digital experiments
126	The process of moving from one web page to another is known as.	A. Chaining B. Switching C. Transferring D. Browsing
127	The first step in the systematic problem-solving process is.	A. Problem analysis B. Problem definition C. Identifying the problem D. Selecting the best solution
128	How can we run the script in Scratch.	A. Click on the block in the Script Area B. Click on Load from the computer C. Click on save to computer D. Click on the file menu

129	There are ..... types of entrepreneurship	A. 4 B. 5 C. 7 D. 9
130	What is the primary responsibility of an entrepreneur.	A. To manage existing businesses B. To provide financial support C. To start and manage a new business venture D. To invest in businesses
131	What type of health issue can occur in the wrist after using a computer for a long time.	A. Eye -Strain B. Back and neck pain C. Fatigue D. Repetitive strain injury
132	What is the final step in most algorithms.	A. Start B. Input C. Output D. Stop
133	An entrepreneur is a person who	A. Manages a business B. Starts and manages a new business venture C. Invests in a business D. Provides financial support to a business
134	What is the purpose of the Close button in an active window.	A. Minimize the window B. Fill the entire desktop screen C. Close the active window D. Hide the active window from the view
135	All mathematical operations in a computer are performed by.	A. Memory unit B. Control Unit C. Arithmetic unit D. Storage unit
136	What is the result of an unclearly defined problem.	A. It requires guess work B. It is easily solvable C. It contains ambiguity D. It has a clear goal
137	Every algorithm has..... and .....	A. Loop, condition B. Start, stop C. finite, infinite loops D. Sequence, conditions
138	What is the main purpose of entertainment software.	A. Enhance the learning skills B. Provide information C. Provide entertainment D. Provide security
139	What is the benefit of typing accurately.	A. To type faster B. To type more efficiently C. To type with more style D. To type with more flair
140	What is the main purpose of an algorithm.	A. To store information B. To solve a specific problem C. To perform a specific task D. To automate the decision making process
141	The purpose of hardware interfaces in a computer system is to	A. Run software application B. Store data C. Connect peripheral devices to the system unit D. Connect the system unit to the internet
142	MS Office is an example of.	A. System software B. Utility software C. Application software D. Embedded software
143	What is the first screen that appears when you start a Windows computer.	A. Desktop B. Start Screen C. Login Screen D. Notification Area
144	What type of memory is used to temporarily store data for processing by the CPU.	A. RAM B. ROM C. Hard disk D. Flash Drive

145	What was the the first device used for calculations.	A. Abacus B. Mechanical computer C. Integrated circuit D. Microprocessor
146	The ..... is where we create the program in scratch.	A. Sprite list B. Block paletter C. Script area D. Stage
147	Which of the following is not a service or aplication that is typically included jnder the umbrella of ICT.	A. Video conferencing B. Distance learning C. Gradening D. Social Media
148	What are teh important commands on the top right of the title bar in an active window.	A. Minimize, Maximize and close buttons B. Search box, Minimize and Close buttons C. Minimize , maximize and Search box D. Maximize, close and search box
149	Difference betwene digitla citizen and tech aware person.	A. Active participation vs no participation B. No difference C. Informed vs uninformed D. Uses technology vs doesn't use technology
150	What is displayed in the webpage section of a web browser.	A. The menu buttons B. The address bar C. The content of the web page D. The new tab button
151	Which of the following isnot typically considred a component of ICT.	A. Communication devices B. Television C. Cell Phones D. Refrigerators
152	----- plagiarism means plagiarizing an entire text.	A. Self B. Patchwork C. Global D. Paraphrasing
153	What is the function fo USB Flash Memory.	A. To stor edata for a limited time B. To store data Temporarily C. To store data permanetly D. To store data only when computer is turned off
154	What is the result of bunding many programs together to perform a big task.	A. A program B. A physical component C. A software D. A computer language
155	What is the main cause fo eye-strain when using a computer for a long time.	A. Bad sitting posture B. Repetitive movements C. Lookign at a monitor from a constant distance D. Poor lighting
156	What can alternate solutions enhance in regard to a problem.	A. The value of the ideal soltion B. The result that should be achieved C. The risk of failure D. The difficulty level of the solution.
157	----- is the collection of files.	A. Folder B. Desktop C. Icons D. Applications
158	A----- is a set of instructions tha tar eused by the computer to perform a specific task.	A. Decision smaking B. Tasks C. Program D. Instructions
159	How ICT can be helpful in improving customer services.	A. Automated customer service B. E-Commerce C. Chatbots D. Online learning platforms
160	In..... flow steps are executed only if certain condition is true.	A. Repetitive B. Sequential C. Conditional D. None
161	What is the process of figuring out the 5 Ws from the problem statement	A. Problem identification B. Problem definition

161	What is the process of figuring out the C.V.Ts from the problem statement.	C. Problem analysis D. Deconstruction
162	What two main elements make up a computer system.	A. Input and output devices B. Hardware and software C. Arithmetic and logical unit D. Control and memory unit
163	----- Plagiarism means coping phrases and idea's from different sources.	A. Self B. Global C. Patchwork D. Paraphrasing
164	What is the primary benffit of using algorithmic thinking in problem solving.	A. Faster prblem solving B. Improved confidence in decision making C. Increased efficiency in processing data D. All of the above
165	What is a joystick in a computer system.	A. A cursor contol device B. A stick used to move the cursor position C. A pen used to select a menu item D. A device used to input sound into the computer
166	What shuld you do if someone asks to meet you online.	A. Agree B. Disagree C. Tell an, adult D. Ignore
167	Opeating system is an example of.	A. Application software B. Unitty software C. System software D. Embedded software
168	The best -known example of system software is.	A. Microsoft Office B. Photoshop C. Operating system D. Excel
169	We can change the size of the marker using the tool.	A. Eraser B. Marker C. Crayon D. Canvas
170	What does the show blk do.	A. Make the sprite disappear B. Makes the sprite appear on the stage C. Make the sprite chagne color D. None of the above
171	Set of instruction givne to a computer to perform specific task is called.	A. Hard ware B. Soft ware C. Both A and B D. None
172	In..... flow , set of statements in executed again and again until a cerain condition remains true.	A. Repetitive B. Sequential C. Conditional D. None
173	What is the latest release date of Mac.	A. March 2022 B. July 2022 C. August 2022 D. September 2022
174	Theact of illegally reproducing copy righted material is called.	A. Paraphrasing B. Accuracy C. Piracy D. Plagiarism
175	What does a light pe consist of	A. A laser beam at its base B. A sphericla ball at its lower end C. A photocell and an opticka system D. A microphone
176	What is a member of a community called.	A. Resident B. Citizen C. Immigrant D. Alien
177	----- is the process to test the software to eliminae the errors in it.	A. Problem solving B. Updating C. Developing D. Debugging

A. Light cell

178	In light pen the sensing element is called.	B. Cell C. Photocell D. None
179	Looking for similarities among the problems is called.	A. Algorithmic design B. Pattern identification C. Abstraction D. Problem decomposition
180	CPU is also called.	A. Heart of computer B. Lungs of computer C. Hand of computer D. Brain of computer
181	What are some examples of ICT devices used in communication	A. Cell Phones B. Personal Computers C. Navigation system D. 3D Printers
182	What are some examples of productivity apps for business owners and managers.	A. Slack and Asana B. Roambi and Keynote C. Google Analytics and Twitter D. Basecamp and Trello
183	A problem is considered easy when it.	A. Requires a lot of resources to solve. B. Requires a lot of time to solve C. Can be solved in simple steps, even if it is large D. Is not possible to solve.
184	What is the effect of displaying "before and after" pictures in certain businesses.	A. Better marketing campaigns B. Increased brand awareness C. Turning prospects into serious buyers D. Improved customer service
185	What is the goal of digital citizenship	A. To misuse technology B. To ignore digital issues C. To safely and responsibly use digital technologies. D. To restrict access to technology
186	What is the purpose of the "modulus" operation in an algorithm	A. To store values in a variable B. To determine the remainder of a division C. To compare two numbers D. To perform arithmetic operations
187	The window in use on the desktop is known as a.	A. Actual B. Dynamic C. Active D. Live
188	Responsible digital citizenship also means.	A. Behaving lawfully B. Protecting your privacy and that of others C. Recognizing your rights D. All
189	Which of the following are types of monitor.	A. LCD B. TFT C. SMD D. All
190	The device that is used to input sound in the computer is known as.	A. Joystick B. Speaker C. Microphone D. Light pen
191	What does the success of entrepreneurship depend on	A. Financial support B. Investment C. Taking on risks D. Business management skills
192	When did the use of fourth generation computers start.	A. 1940 B. 1957 C. 1971 D. 1980
