

## Environment and Natural Resources

| Sr | Questions                                                                 | Answers Choice                                                                                 |
|----|---------------------------------------------------------------------------|------------------------------------------------------------------------------------------------|
| 1  | Teh total number of persons living in an area is called.                  | A. Species<br>B. Population<br>C. Community<br>D. habitat                                      |
| 2  | Ozone forms a protective layer in                                         | A. Troposphere<br>B. Stratosphere<br>C. Mesosphere<br>D. Thermosphere                          |
| 3  | About ..... percent population of Pakistan is dependent upon agriculture. | A. 90%<br>B. 80%<br>C. 60%<br>D. 50%                                                           |
| 4  | ----- is one of oldes sources of heat.                                    | A. Petroleum<br>B. natural gas<br>C. None<br>D. Coal                                           |
| 5  | The proportion of carbon dioxide in air is.                               | A. 40 percent<br>B. 0.4 percent<br>C. 0.04 percent<br>D. 0.004 percent                         |
| 6  | The percentage of carbon dioxide in Air is:                               | A. 40%<br>B. 0.4%<br>C. 0.04%<br>D. 33%                                                        |
| 7  | The height of troposphere above earth's surface is                        | A. 10 kmnbsp<br>B. 18 km<br>C. 20 kmnbsp<br>D. 40 kmnbsp                                       |
| 8  | The height of Stratosphere form sea level is.                             | A. 50 km<br>B. 55 km<br>C. 60 km<br>D. 45 km                                                   |
| 9  | It is used in microprocessor of computer                                  | A. chromitenbsp<br>B. aluminium<br>C. silicon<br>D. iron                                       |
| 10 | Annual population growth rate of Pakistan is.                             | A. 3.0 %<br>B. 2.0%<br>C. 3.6%<br>D. 2.6%                                                      |
| 11 | About ..... percent of Pakistan population depend upon agriculture.       | A. 60<br>B. 70<br>C. 65<br>D. 68                                                               |
| 12 | The temperature in measosphere can be low as.                             | A. -150 <sup>o</sup>C<br>B. -100<sup>o</sup>C<br>C. 100 <sup>o</sup>C<br>D. -200 <sup>o</sup>C |
| 13 | The coldest layer of the atmosphere                                       | A. Tropospherenbsp<br>B. Stratospherenbsp<br>C. Mesospherenbsp<br>D. Thermospherenbsp          |
| 14 | The rock from which minerals can be obtained are called:                  | A. siliconsnnbsp;<br>B. oresnbsp;<br>C. metalsnbsp;<br>D. gem stonenbsp;                       |
| 15 | The main causes of depletion of ozone layer is                            | A. oxygen<br>B. hydrogen<br>C. chlorofluorocarbon<br>D. hydrocarbon                            |

---

16 Where the ozone make a protective layer?  
A. Troposphere  
B. Stratosphere  
C. Mesosphere  
D. Thermosphere

---

17 How much population of Pakistan depends on agriculture  
A. 90%  
B. 80%  
C. 60%  
D. 50%

---

18 Atmosphere is made of..... percent oxygen.  
A. 23  
B. 25  
C. 21  
D. 30

---

19 The percentage of oxygen in Air is  
A. 78%  
B. 21%  
C. 0.04%  
D. 33%

---

20 Water pollution can cause.  
A. Cholera  
B. Typhoid  
C. Cancer  
D. Both a and b

---
