

Everyday Science MCQ's Test

Sr	Questions	Answers Choice
1	Find the gain percentage if cost price is Rs 400 and selling price is Rs. 500	A. 20% B. 15% C. 25% D. 10%
2	One should not connect a number of electric appliances to the same power socket because	A. This can damage the appliances br> B. This can damage the domestic waring C. the appliances will not a get proper current D. the appliances will not get full voltage total can be applianced as a policy of the appliance
3	Light travels slower in glass than in air because:	A. Density of glass is less than that of air b. Density of glass is greater then that of air c. Refractive index of air is less than that of glass b. Refractive index of air is less than that of glass cbr>
4	Ice Floats on water Because:	A. Ice is Filled With Air B. Ice is Dense than water C. Waters depth more than ice D. Ice more than water
5	Who discovered antiseptic surgery in 1865	A. Joseph Lister B. Ronald Ross C. Alexander Fleming D. William Harvey
6	The average of 5 consecutive number is 95. What is the 4th number?	A. 96 B. 93 C. 97 D. 94
7	Who invented disposable diapers?	A. Sarah Boone B. Rachel Brown C. Marion Donovan D. Mary Anderson
8	Dumping of solid waste in low-lying areas earth cover is called as:	A. Sanitary landfilling B. Incineration C. Open dumping D. Composting
9	Lens system used in a microscope-	A. Convex B. Concave C. Concave & Convex D. Plain lens
10	Vitamin concerned with vision is	A. Vitamin A B. Vitamin B1 C. Vitamin B2 D. Vitamin B6 br>
11	Why do wet dry more quickly on a warm day?	A. Hot air carries less moisture B. Hot air can absorb moisture quickly C. High temperature of the air helps fast evaporation D. All of these
12	The unit of power of lens is?	A. Meter b. Dyne c. Dioptre D. None of these
13	Edward Jenner observed that smallpox had evolved form another form of pox. This was:	A. Sheep pox B. chickenpox C. Cowpox D. Dogpox C. Covpox D. Dogpox D. Dogp

reflectors B. Convex mirrors are used by doctors to examine oral cavity C. Convex mirrors are used as refactors refactors to a mong the following statement is correct	14	Gateway act as a bridge between two application or networks so that data can be transferred between a numbers of computers. What is it?	A. Hardware B. Software C. None of them D. Both of them
## B. Bananas stprs C. Tomatoes stors D. Turnips stors ## Which of the following foods is not high in potassium? ### Which one among the following statement is correct ### Which one among the following statement is correct ### Which of the following is essential for the formation of red blood cells? ### Which of the following is essential for the formation of red blood cells? ### Which of the following is used as memory device in computers. #### Which of the following is used as memory device in computers. ###################################	15	Non-conventional source of energy best suite for Pakistan is:	B. Solar energy C. Wind energy
Which one among the following statement is correct Which one among the following statement is correct Which one among the following statement is correct B. Convex mirrors are used by doctors to examine oral cavity < C. Convex mirrors are used as refactors D. Convex mirrors should be us br> A. Vitamin C B. Folic Acid 	16	Which of the following foods is not high in potassium?	B. Bananas C. Tomatoes
Which of the following is essential for the formation of red blood cells? B. Folic Acid C. Calcium D. Vitamin A A. Rectifier B. Flip Flop C. Computer C. Computer 	17	Which one among the following statement is correct	B. Convex mirrors are used by doctors to examine oral cavity C. Convex mirrors are used as refactors b. Convex mirrors should be used for
Which of the following is used as memory device in computers. B. Flip Flop C. Computer D. None of these D. None of these B. Chromosomes B. Chromosomes C. Mitotic spindle C. Mitotic spindle C. Mitotic spindle C. Mitotic spindle Chromosomes Computer D. None of these Computer <	18	Which of the following is essential for the formation of red blood cells?	B. Folic Acid C. Calcium
20 Which of the following cell organelles does NOT participate in cellular division? B. Chromosomes C. Mitotic spindle Cr	19	Which of the following is used as memory device in computers.	B. Flip Flop C. Computer
	20	Which of the following cell organelles does NOT participate in cellular division?	B. Chromosomes C. Mitotic spindle
