

## ECAT Pre Engineering MCQ's Test For English Full Book

Sr	Questions	Answers Choice
----	-----------	----------------

	<p>In the early 1920's, settlers came to Alaska looking for gold. They traveled by boat to the coastal towns of Seward and Knik, and from there by land into the gold fields. The trail they used to travel inland is known today as the Iditarod Trail, one of the National Historic Trails designated by the congress of the United States. The Iditarod Trail quickly became a major thoroughfare in Alaska, as the mail and supplies were carried across this trail. People also used it to get from place to place, including the priests, ministers, and judges who had to travel between villages down this trail was via god sled.</p> <p>Once the gold rush ended, many gold-seekers went back to where they had come from, and suddenly there was much less travel on the Iditarod Trail. The introduction of the airplane in the late 1920's meant dog teams were mode of transportation, of course airplane carrying the mail and supplies, there was less need for land travel in general. The final blow to the use of the dog teams was the appearance of snowmoniles.</p> <p>By the mid 1960's most Alasknas didn't even know the Iditarod Trail existed, or that dos teens had played a crucial role in Alaska's early settlements. Dorothy G.Page, a self-made historian, recognized how few people knew about the former use of sled dogs as working animals and about the Iditarod Trail's role in Alaska's colorful history. To she came up with the idea to have a god sled race over the Iditarod Trail. She presented her idea to an enthusiastic musher, as dog sled drivers are known, named Joe Redington, Sr. Soon the pages and the Redintons were working together to promote the idea of the Iditarod race.</p>	<p>A. Paragraph 1          B. Paragraph 2          C. Paragraph 3          D. Paragraph 5</p>
1	<p>Many people worked to make the first Iditarod Trail Sled Dog Race a reality in 1967. The Aurora Dog Mushers Club, along with men from the Adult Camp in Sutton, helped clear years of overgrowth from the first nine miles of the Iditarod Trail. To raise interest in the race, a \$25,000 purse was offered, with Joe Redington donating one acre of his land to help raise the funds. The short race, approximately 27 miles long, was put on a second time in 1969.</p> <p>After these first two successful races, the goal was to lengthen the race a little further to the ghost town of Iditarod by 1973. However in 1972, the U.S. Army reopened the trail as a winter exercise, and so in 1973, the decision was made to take the race all the way to the city of Nome-over 1,000 miles. There were who believed it could bot be done and that it wad crazy to send a bunch out into vast, uninhabited Alaskan wilderness. But the race went! 22 mushers finished that year, and to date over 400 people have completed it.</p> <p>In 1925, when a diphtheria outbreak threatened the lives of people in the remote town of Nome, the government used the Iditarod Trail to transport medicine nearly 700 miles to the town. If the author chose the include this fact is the passage, it would best fit in</p>	

	<p>Yellowstone National Park is the U.S. States of Wyoming, Idaho and Montana. It became the first National Park in 1872. There are geysers and hot springs at Yellowstone. There are also many animals at Yellowstone. There are elk, bison, sheep, grizzly, black bears, moose, coyotes, and more.</p> <p>More than 3 million people visit Yellowstone National Park year. During the winter, visitors can ski or go snowmobiling there. There are also snow coaches that give tours. Visitors can see <b>steam</b> (vapor water) come from the geysers. During other seasons, visitors can go boating or fishing. People can ride horses there. There are nature trails and tours. Most visitors want to see Old Faithful, a very <b>predictable</b> geyser at Yellowstone. Visitors can check a schedule to see the exact time that Old Faithful is going to erupt. There are many other geysers and boiling springs in the area. Great Fountain Geyser erupts every 11 hours. Excelsior Geyser produces 4,000 gallons of <b>boiling</b> water each minute! Boiling water is 100 degrees Celsius, or 212 degrees Fahrenheit – that's very hot! People also like to see the Grand Prismatic Spring. It is the largest hot spring in the park. It has many beautiful colors.</p> <p>The beautiful colors are caused by <b>bacteria</b> in the water. These are forms of life that have only one cell. Different bacteria live in different water <b>temperatures</b>. Visiting Yellowstone National Park can be a week – long vacation or more. It is beautiful and there are activities for everyone.</p>	<p>A. Sunlight          B. Bacteria          C. Eruptions          D. Temperatures</p>
2	<p>What causes colors in the springs?</p>	

3	Altimeter : Height	A. Speedometer : Speed B. Observatory : Constellation C. Racetrack : Furlong D. Vessel : Knots
4	DRIZZLE : CLOUDBURST	A. grass : dew B. wind : air C. shore : waves D. flurry : blizzard
5	Choose Relative Pair Of Word ACT : STAGE	A. Swim : Pool B. Whale : River C. Cat : Dog D. Fish : Trout
6	Consistency	A. Stability B. Harmony C. Dissatisfied D. Discontented

Yellowstone National Park is the U.S. States of Wyoming, Idaho and Montana. It became the first National Park in 1872. There are geysers and hot springs at Yellowstone. There are also many animals at Yellowstone. There are elk, bison, sheep, grizzly, black bears, moose, coyotes, and more.

More than 3 million people visit Yellowstone National Park year. During the winter, visitors can ski or go snowmobiling there. There are also snow coaches that give tours. Visitors can see **steam** (vapor water) come from the geysers. During other seasons, visitors can go boating or fishing. People can ride horses there. There are nature trails and tours. Most visitors want to see Old Faithful, a very **predictable** geyser at Yellowstone. Visitors can check a schedule to see the exact time that Old Faithful is going to erupt. There are many other geysers and boiling springs in the area. Great Fountain Geyser erupts every 11 hours. Excelsior Geyser produces 4,000 gallons of **boiling** water each minute! Boiling water is 100 degrees Celsius, or 212 degrees Fahrenheit – that's very hot! People also like to see the Grand Prismatic Spring. It is the largest hot spring in the park. It has many beautiful colors. The beautiful colors are caused by **bacteria** in the water. These are forms of life that have only one cell. Different bacteria live in different water **temperatures**. Visiting Yellowstone National Park can be a week – long vacation or more. It is beautiful and there are activities for everyone.

What is 'Yellowstone'?

A. A park  
B. A geyser  
C. A mountain  
D. A hot spring

Right now, I am looking at a shelf full of relics, a collection of has-beens, old-timers, antiques, fossils. Right now I am lolling at a shelf full of books. Yes that's right. If you have some spare cash (the doing rate is about \$89) and are looking to enhance your reading experience, then I highly suggest you consider purchasing an e-reader. E-readers are replacing the books of old, and I welcome them with open arms (as you should).

If you haven't heard of an e-reader and don't know what it is, then please permit the following explanation. An e-reader is a device that allows you to read e-books. An e-book is a book-length publication in digital form, consisting of text, images, or both, and produced on, published through, and readable on computers or other electronic devices. Sometimes the equivalent of a conventional printed book, e-books can also be born digital. The Oxford Dictionary or English defines the e-book as "an electronic version of a printed book, "but e-book can and do exist without any printed equivalent.

So now you know what an e-reader is. But you still may be wondering why they put printed books to shame. E-readers are superior to printed books because they save space, are environmentally friendly, and provide helpful reading tips and tools that printed books do not.

E-readers are superior to printed books because they save space. The average e-reader can store thousands of digital books, providing a veritable library at your fingertips. What is more, being the size and weight of a thin hardback, the e-reader itself is relatively petite. It is easy to hold and can fit in a pocketbook or briefcase easily. This makes handling ponderous behemoths such as War and Peace, Anna Karenina, and Les Misérables a breeze. Perhaps the only drawback to the space-saving aspect of an e-reader is that it requires you to find new things to put on your shelves.

8 In addition, e-readers are superior to books because they are environmentally friendly. The average novel is about 300 pages long. So, if a novel is printed 1000 times, it will use 300,000 pages of paper. That's a lot of paper if there are about

A. I only  
B. I and II only  
C. II and III only  
D. I, II and III

times, it will use 500,000 pieces of paper. That's a lot of paper! If there are about 80,000 pieces of paper in a tree, this means it takes almost 4 trees to make these 1000 books. Now, we know that the average bestseller sells about 20,000 copies per week. That means that it takes over 300 trees each month to sustain this rate. And for the super bestsellers, these figures increase dramatically. For example, the Harry Potter book series has sold over 450 million copies. That's about 2 million trees! Upon viewing these figures, it is not hard to grasp the severe impact of printed books on the environment. Since e-reader use no trees, they represent a significant amount of preservation in terms of the environment and its resources.

Finally, e-reader are superior to books because they provide helpful reading tips and tools that printed books do not. The typical e-reader allows its user to customize letter size, font, and line spacing. It also allows highlighting and electronic bookmarking. Furthermore, it grants users the ability to get an overview of a book and then jump to a specific electronic bookmarking. Furthermore, it grants users the ability to get an overview of a book and then jump to a specific location based on that overview. While these are all nice features, perhaps the most helpful of all is the ability to get dictionary definitions at the touch of a finger. On even the most basic e-reader, users can conjure instant definitions without having to hunt through a physical dictionary.

It can be seen that e-readers are superior to printed books. They save space, are environmentally friendly, and provide helpful reading tips and tools that printed books do not. So what good are printed books? Well, they certainly make nice decorations.

According to the author, e-books

I were all once printed books

II may be "born digital"

III are able to display images

---

9 Rabia is a noted dentist \_\_\_\_\_ in the region

A. However he teaches very good also  
B. But he teaches very good in addition  
C. And too a very efficient teacher  
D. **As well as an effective teacher**

---

10 **Identify Error**

All the scouts got their selves ready for the long camping trip No error

A. A  
B. B  
C. C  
D. D  
E. E

---

11 **(Complete the sentence with suitable words)**

The applicant answered tough question with \_\_\_\_\_ candor winning over many interviewers who had previously supported his rival

A. Planed  
B. Impatient  
C. Unintentional  
D. **Disarming**

---

12 **(Complete the sentence with suitable words)**

Some of the sculptures formerly \_\_\_\_\_ the Hindu artist are now thought to have been created by one of his Muslim students

A. Denied by  
B. **Attributed to**  
C. Adapted from  
D. Submitted to

---

13 Beat a retreat:

A. **To retire before the enemy**  
B. To face the enemy  
C. To object  
D. Feel greatly

---

14 The criminal \_\_\_\_\_ this cell in 2001

A. **Was brought to**  
B. Be brought to  
C. Brought to  
D. Brought

---

15 Choose Relative Pair Of Word

Cat: Feline

A. Fate: Fortune  
B. Puppet: statue  
C. **Horse: Equine**  
D. Tiger: Lion

---

16 Brisk

A. Engrossed  
B. Occupied  
C. **Passive**  
D. Swift

---

17 Sadiq will say to Laila, "Have you ever been to Congo?"

A. **Sadiq will ask Laila if he has ever been to Congo**  
B. Sadiq will ask Laila if he have ever been to Congo  
C. Sadiq would ask Laila if he had ever been to Congo

**Identify Error**

18

Had he been there he would grappled with the whole situation.No error

- A. A
- B. B
- C. C
- D. D
- E. E

19

The \_\_\_\_\_ is working on wood.

- A. artifact
- B. artistic
- C. artist
- D. artisan

20

He is the student \_\_\_\_\_ always arrives late

- A. Which
- B. Whose
- C. Who
- D. Whom
