

Conditional Logic

Sr	Questions	Answers Choice
1	How many types of control statements are available in C language ?	A. 3 B. 1 C. 2 D. 4
2	Selection statements within selection statements are called:	A. if else B. condition C. while D. nested selection structures
3	If we want to associate more than one statements to an if statement, then they need to be enclosed inside a.	A. () B. {} C. * D. :
4	_____ statements describe the sequence in which statements of the program should be executed:	A. loop B. conditional C. control D. all
5	_____ statement executes the set of statements under if statement if the condition is true and executes the set of statements under else otherwise:	A. if else B. condition C. while D. compound
6	In which control all the statments are executed in the given dequence.	A. Error Control Statements B. Selection ctronol statemetns C. Repetition cotrol statements D. Sequential Control Statements
7	Whihc of the following is a decision statement is called.	A. Nested if B. Simple if C. Many if D. Multiple if
8	An if statement inside another if statement is called _____ structure:	A. nested B. boxed C. repeated D. decomposed
9	Question Image	A. a++; B. a--; C. both (a) and (b) D. none
10	Conditional logic helps in, _____:	A. decision B. iterations C. traversing D. all
11	How many types of control statements	A. 1 B. 2 C. 3 D. 4
12	Which statement is used to execute one set of instructions if a particular condition is true and another set of instructions if the condition is false ?	A. if B. if else C. else D. loop
13	In whihc statement we -specify a condition, and associate a code to it.	A. go to B. selection C. if D. loop
14	Which of the following is the condition to check a is a factor of c ?	A. a % c == 0 B. c % a == 0 C. a*c == 0 D. a+c == 0
15	If we want to associate more than one statements to an if statement, then they need to be enclosed inside a:	A. () B. * C. : D. {}

16	The statements which help us to decide which statements should be executed next, on the basis of conditions, are called:	B. selection statements
17	A set of multiple instructions enclosed in braces is called a block or:	A. if B. compound C. while D. if else
18	Which of the followingt is the default control structrue in C language.	A. Sequential Control Statements B. Selection Control statements C. Repetition Control Statements D. Error Control Statements
19	In which statement we specify a condition, and associate a code to it:	A. selection B. if C. go to D. loop
20	If statement is used within another if statement is called:	A. nested if B. simple if C. many if D. multiple if
