

Conditional Logic

Sr	Questions	Answers Choice
1	If we want to associate more than one statements to an if statement, then they need to be enclosed inside a:	A. () B. * C. : D. { }
2	Which Statements is used to execute not set of instructions, if a particular condition is true and another set of instructions if the condition is false.	A. if B. else C. if else D. loop
3	Selection statements within selection statements are called.	A. if -else B. condition C. while D. nested selection structures
4	A ____ could be any valid expression including arithmetic expression relational expression, logical expressions.	A. If B. condition C. while D. compound
5	A set of multiple instructions enclosed in braces is called a _____:	A. box B. block C. list D. job
6	Which of the following is the default control structure in C language ?	
7	Which statement is used to execute one set of instructions if a particular condition is true and another set of instructions if the condition is false ?	A. if B. if else C. else D. loop
8	Which of the following is the default control structure in C language.	A. Sequential Control Statements B. Selection Control statements C. Repetition Control Statements D. Error Control Statements
9	Selection statements within selection statements are called:	A. if else B. condition C. while D. nested selection structures
10	Question Image	A. a++; B. a--; C. both (a) and (b) D. none
11	In which statement we specify a condition, and associate a code to it:	A. selection B. if C. go to D. loop
12	How many types of selection structure.	A. 1 B. 2 C. 3 D. 4
13	If we want to associate more than one statements to an if statement, then they need to be enclosed inside a.	A. () B. { } C. * D. :
14	A set of multiple instructions enclosed in braces is called a block or.	A. if B. if -else C. while D. compound
15	Which of the following is a decision making statement ?	A. if B. getch() C. getche() D. break
16	Which of the following is not a type of control statements in C language ?	

- 17 The statements which help us to decide which statements should be executed next, on the basis of conditions, are called.
- 18 In which control all the statements are executed in the given sequence:
- 19 An if statement inside another if statement is called _____ structure:
- 20 In which statement we specify a condition, and associate a code to it.
- B. Selection statements
C. Sequential Control Statements
D. Repetition Control Statements
- A. nested
B. boxed
C. repeated
D. decomposed
- A. go to
B. selection
C. If
D. loop
