What peninsula is connected to the mainland of asia by the isthmus of kra? B. sumatra C. singapore D. kamchatka A. Mine workers enhance their wage B. Best and most easily available mineral deposits are mined first C. Mining techniques becomes expensive D. Mining royalties increase A. 1 person per sq.km B. 3 person per sq.km C. 5 persons per sq.km D. 7 persons per sq.km D. 8 Biotope C. Ecotone D. Sere Shaba province in the Democratic Republic of the Congo is known for which of the following reserves? A. Bauxite B. Iron ore C. Tungsten D. Copper	•		
1 What peninsula is connected to the mainland of asia by the isthmus of kra? 2 Which one of the following statements explains that mining is an increasing cost economic activity? 3 The hunting and gathering economy can support of Saperson per sq. km Saperson per sq.	Sr	Questions	Answers Choice
2 Which one of the following statements explains that mining is an increasing cost economic activity? 3 The hunting and gathering economy can support of 4 The transition zone between two Ecosystem is called 5 Shaba province in the Democratic Republic of the Congo is known for which of the following reserves? 6 Which of these statement given above are correct? 6 Which of these statement given above are correct? 7 What is the name of the peninsula in northeastern australia which is positioned next to the great barrier reef, and is bordered by the gulf of carpentaria? 8 Which one of the following areas is dominant in hunting and gathering? 8 What is the name of the peninsula in the eastern united statea, which contains parts of manyland, delaware, and virginia? 8 What is the name of the peninsula in the eastern united statea, which contains parts of manyland, delaware, and virginia? 8 What is the name of the peninsula in the eastern united statea, which contains parts of manyland, delaware, and virginia? 8 What is the name of the peninsula in the eastern united statea, which contains parts of manyland, delaware, and virginia? 8 What is the name of the peninsula in the eastern united statea, which contains parts of manyland, delaware, and virginia? 8 Which one of the following continents has the lowest birth and death rates? A Europe B. Australia B. A Europe B. Australia B. A Europe B. Australia B. A Europe B. Australia	1	What peninsula is connected to the mainland of asia by the isthmus of kra?	B. sumatra C. singapore
3 The hunting and gathering economy can support of C. 5 persons per sq.km C. 5 persons per sq.km D. 7 persons per sq.km D. 6 Biotope C. Ecotone D. Sere Shaba province in the Democratic Republic of the Congo is known for which of the following reserves? A. Bauxle B. Iron ore C. Tungsten D. Copper A. Germany and America are the two largest producers of wind-power generation capacity of around 1,00,000 MW C. America has more nuclear energy generation capacity of around 1,00,000 MW C. America has more nuclear reactors than any other country in the world D. All of these Which one of the peninsula in northeastern australia which is positioned next to the great barrier reef, and is bordered by the gulf of carpentaria? A. Hot desert B. Cold desert C. Tropical forest D. Temperate grassland A. lookout B. kent C. delmarva D. may A. Europe B. A. Lurope B. A. Lurop	2		mineral deposits are mined first C. Mining techniques becomes expensive
4 The transition zone between two Ecosystem is called 8 Biotope C. Ecotone C. Ecotone D. Sere 5 Shaba province in the Democratic Republic of the Congo is known for which of the following reserves? A Bauxite B. Iron ore C. Tungsten D. Copper A Germany and America are the two largest producers of wind-power B. America has nuclear energy generation capacity of around 1,00,000 MW C. America has more nuclear reactors than any other country in the world D. All of these 7 What is the name of the peninsula in northeastern australia which is positioned next to the great barrier reef, and is bordered by the gulf of carpentaria? 8 Which one of the following areas is dominant in hunting and gathering? A Hot desert B. Cold desert C. Tropical forest D. Temperate grassland 9 What is the name of the peninsula in the eastern united statea, which contains parts of maryland, delaware, and virginia? A Lookout B. Kent C. delmarva D. may A Europe B. Australia C. North America	3	The hunting and gathering economy can support of	B. 3 person per sq.km C. 5 persons per sq.km
Shaba province in the Democratic Republic of the Congo is known for which of the following reserves? A Germany and America are the two largest producers of wind-power B. America has nuclear energy generation capacity of around 1,00,000 MW C. America has nuclear energy generation capacity of around 1,00,000 MW C. America has nuclear energy generation capacity of around D. All of these What is the name of the peninsula in northeastern australia which is positioned next to the great barrier reef, and is bordered by the gulf of carpentaria? Which one of the following areas is dominant in hunting and gathering? What is the name of the peninsula in the eastern united statea, which contains parts of B. Kelpe of the peninsula in the eastern united statea, which contains parts of B. Kelpe of the following continents has the lowest birth and death rates? A Lerope B. Australia C. North America	4	The transition zone between two Ecosystem is called	B. Biotope C. Ecotone
largest producers of wind-power B. America has nuclear energy generation capacity of around 1,00,000 MW C. America has more nuclear reactors than any other country in the world D. All of these 7 What is the name of the peninsula in northeastern australia which is positioned next to the great barrier reef, and is bordered by the gulf of carpentaria? 8 Which one of the following areas is dominant in hunting and gathering? A. Hot desert B. Cold desert C. Tropical forest D. Temperate grassland 9 What is the name of the peninsula in the eastern united statea, which contains parts of maryland, delaware, and virginia? A. lookout B. kent C. delmarva D. may 10 Which one of the following continents has the lowest birth and death rates? A. Europe B. Australia C. North America	5		B. Iron ore C. Tungsten
What is the name of the peninsula in northeastern australia which is positioned next to the great barrier reef, and is bordered by the gulf of carpentaria? C. arnhem land D. canberra A. Hot desert B. Cold desert C. Tropical forest D. Temperate grassland What is the name of the peninsula in the eastern united statea, which contains parts of maryland, delaware, and virginia? A. Hot desert B. Cold desert C. Tropical forest D. Temperate grassland A. lookout B. kent C. delmarva D. may Which one of the following continents has the lowest birth and death rates? A. Europe B. Australia C. North America	6	Which of these statement given above are correct?	B. America has nuclear energy generation capacity of around 1,00,000 MW C. America has more nuclear reactors than any other country in the world
8 Which one of the following areas is dominant in hunting and gathering? 9 What is the name of the peninsula in the eastern united statea, which contains parts of maryland, delaware, and virginia? A. lookout B. kent C. delmarva D. may 10 Which one of the following continents has the lowest birth and death rates? A. Europe B. Australia C. North America	7		B. cape york C. arnhem land
9 What is the name of the peninsula in the eastern united statea, which contains parts of maryland, delaware, and virginia? 10 Which one of the following continents has the lowest birth and death rates? B. kent C. delmarva D. may A. Europe B. Australia C. North America	8	Which one of the following areas is dominant in hunting and gathering?	B. Cold desert C. Tropical forest
Which one of the following continents has the lowest birth and death rates? B. Australia C. North America	9		B. kent C. delmarva
	10	Which one of the following continents has the lowest birth and death rates?	B. Australia C. North America
