|----|--|--|
| 1  | Choose the best answer; that is the response that most accurately and completely answers the question. Everything that a person does which is dictated because of ignorance is not voluntary. Involuntary actions are those which produce pain and repentance, In case a man has done something in his ignorance and he does not feel vexed due to his action, he has not acted voluntarily as he was not aware of what he was doing nor yet involuntarily since he is not pained. After reading this passage we can arrive at the conclusion that:  | <p>A. A person is not a voluntary agent, if he acts by reason of ignorance and repents.</p> <p>B. If an action is done by reason of ignorance and is not voluntary then it was repented.</p> <p>C. A man is an involuntary agent if he acts by reason of ignorance.</p> <p>D. Some actions are either involuntary or not voluntary.</p> <p>E. If a man is not a voluntary agent he acted because of ignorance and repents.</p> |
| 2  | Choose the best answer; that is the response that most accurately and completely answers the question. Follow is to the real Pakistan leaving behind the disturbances of civilization. Real Pakistan is still inhabited by the eagle, the cow, the black deer, and tigers; it is still spacious, sprawling, and majestic. Experience the freedom and serenity still to be found in _____. Choose the best option to complete the above statement:  | <p>A. The natural beauty of our land.</p> <p>B. The fascinating urban centers</p> <p>C. The wild terrain NWFP</p> <p>D. One's own subconscious</p> <p>E. The great sprawling cities of the upper Pakistan</p>  |
| 3  | Choose the answer you think is most appropriate among the given options. On a factory control room, there are three ON-OFF switches on central control panel, labeled A, B, and C. They are changed from setting to a required setting based on the following rules: In case only switch A is ON in the default setting, then turn switch B ON. In case switches A and B are the only switches On in the default setting, then turn the switch C ON. In case all the three switches are ON in default setting then turn the switch C OFF. For any other default setting, turn ON all switches that are OFF all switches, if any that are ON. 29. In case in default setting the switches A and B are ON and the switch C is OFF, then what could be the second setting?  | <p>A. A ON, B ON, C ON.</p> <p>B. A ON, B OFF, C ON.</p> <p>C. A ON, B OFF, C OFF.</p> <p>D. A OFF, B ON, C OFF.</p> <p>E. A OFF, B OFF, C ON.</p>   |
| 4  | Choose the best answer; that is the response that most accurately and completely answers the question. One's ability to adjust in environment successfully leads to happiness. War at a universal level destroys the weaker people who are the most unable to adjust to their environment. Thus, war at the universal level puts weaklings out of their misery and allows more space for their predators to enjoy life in a better manner. As those actions have to be performed which maximize the level of happiness of the greatest number war at a universal level should take place. 4. The author's discussion would be greatly weakened, if he agreed to which of the following? i. Technology could change the environment. ii. War at the universal level would be an integral part of the environment. iii. It is possible for the strong to survive without suppressing the weak. | <p>A. I only</p> <p>B. II only</p> <p>C. III only</p> <p>D. I and III only</p> <p>E. I, II and III only</p>  |
| 5  | Choose the answer you think is most appropriate among the given options. On a factory control room, there are three ON-OFF switches on central control panel, labeled A, B, and C. They are changed from setting to a required setting based on the following rules: In case only switch A is ON in the default setting, then turn switch B ON. In case switches A and B are the only switches On in the default setting, then turn the switch C ON. In case all the three switches are ON in default setting then turn the switch C OFF. For any other default setting, turn ON all switches that are OFF all switches, if any that are ON. 32. In case switch A is OFF in the second setting. Which of the following could have been the default setting?  | <p>A. A ON, B ON, C ON.</p> <p>B. A ON, B ON, C OFF.</p> <p>C. A ON, B OFF, C ON.</p> <p>D. A ON, B OFF, C OFF.</p> <p>E. A OFF, B ON, C OFF.</p>  |
| 6  | Choose the best answer; that is the response that most accurately and completely answers the question. Muzzaffar is a terrible driver. He had ten traffic violations in the past year, Which of the following can be said about the above claim?   | <p>A. Muzzaffar does not know how to drive</p> <p>B. Muzzaffar is an addict of drugs</p> <p>C. It is obvious that everyone make accidents in bad weather.</p> <p>D. Some thing, in this argument is hidden.</p> <p>E. The given statement is wrong.</p>  |
| 7  | Choose the answer you think is most appropriate among the given options. Two or more tea leaves out of five varieties-- Livana, Mathia, Novajana, Oxia, and Piask are used in making all branded blends by a marketer following the rules given below. A brand containing Livana should also contain Novajana twice that of Livana. A brand containing Mathia must also have equal quantity of Oxia. A single brand never contains Novajana as well as Oxia. Oxia and Piask should not be used together. A blend containing Piask should contain it in such a proportion that the total amount of Piask present should be greater than the total amount of the other tea leaves. 7. Among the following which is an acceptable brand in accordance with the rules?   | <p>A. One part Livana, one part Piask</p> <p>B. Two parts Mathia, two parts Livana</p> <p>C. Three parts Novajana, three parts Livana</p> <p>D. Four parts Oxia, four parts Mathia</p> <p>E. Five parts Piask, five parts Mathia</p>   |
| 8  | Choose the best answer; that is the response that most accurately and completely answers the question. Classical music occupies a unique and peculiar position in every culture. They are imperishable as cultural landmarks but the emotions expressed in some of the folks are often superseded by newer tunes. However the classics survive just as heritage as imposing feature of the society yet unsuited for habitation unless remodeled. The principal point out   | <p>A. Ignored by young generation</p> <p>B. Is an obstacle in the development in new tunes</p> <p>C. Should be stored in museums.</p> <p>D. Lose their distinctive features as time passes.</p>  |

forth in the above passage is that classical works.

E. Need our respect and admiration even if their tunes and ideas they express are no longer current.

9 Choose the answer you think is most appropriate among the given options. Four captains and the first mates of three of them were called to attend the annual meeting at head quarters. The captains were Luqman, Manzoor, Nauman and Osaf: the first mates were Ayesha, Durya and Gia. Each person in turn delivered a report to the chairperson as follows: Each of the first mates delivered their report exactly after her captain. The first captain to speak was Manzoor, and captain Nauman spoke after him. (Represent the person with first letter of his name) 19. In case A is the third of the first mates to speak, and L is the captain whose first mate is not present, which among the following statements must be true?

- A. A spoke sometime before L
- B. D spoke sometime Before O.
- C. L spoke sometime Before O.
- D. O spoke sometime Before L.
- E. O spoke sometime Before N.

10 Choose the answer you think is most appropriate among the given options. Nine individuals - Z, Y, X, W, V, U, T, S and R - are the only candidates who can serve on three committees labeled A, B and C. Each candidate should serve on exactly one of the committees. Committees A should consist of exactly one member more than that of committees B. It is possible that there are no members of committees C. Among Z, Y and X none can serve on committee A. Among W, V and U none can serve on committee C. Among T, S and R none can serve on committee C. 12. In case T and Z are the individuals serving on committee B, how many of the nine individuals should serve on committee C?

- A. 3
- B. 4
- C. 5
- D. 6
- E. 7

11 Choose the best answer; that is the response that most accurately and completely answers the question. One's ability to adjust in environment successfully leads to happiness. What at a universal level destroys the weaker people who are the most unable to adjust to their environment. Thus, war at the universal level puts weaklings out of their misery and allows more space for their predators to enjoy life in a better manner. As those actions have to be performed which maximize the level of happiness of the greatest number war at a universal level should take place. 6. If Rubina was born in NWFP, then she is a citizen of Pakistan. The statement above can be deduced from which of the following statements?

- A. Every citizen of the Pakistan is resident either of one of the province or of on of the tribal area.
- B. Rubina was born either in NWFP or in Sindh.
- C. Some people born in NWFP are citizen of Pakistan.
- D. Every one born in Pakistan is a citizen of Pakistan.
- E. Rubina is a citizen either of Pakistan or of any other country.

12 Choose the answer you think is most appropriate among the given options. Six scientists A, B, C, D, E, and F are to present a paper each at a one-day conference. 16 Choose the answer you think is most appropriate among the given options. Six scientists A, B, C, D, E, and F are to present a paper each at a one-day conference. Three of them will present their papers in the morning session before the lunch break whereas the other three will be presented in the afternoon session. The lectures have to be scheduled in such a way that they comply with the following restrictions: B's should present his paper immediately before C's presentation; their presentations cannot be separated by the lunch break. D must be either the first or the last scientist to present his paper. 47. In case F is to present his paper immediately after D presents his paper, C could be scheduled for which of the following places in the order of presenters?

- A. First
- B. Second
- C. Third
- D. Fourth
- E. Fifth

17 Choose the answer you think is most appropriate among the given options.Six scientists A, B, C, D, E, and F are to present a paper each at a one-day conference,Three of them will present their papers in the morning session before the lunch break whereas the other three will be presented in the afternoon session. The lectures have to be scheduled in such a way that they comply with the following restrictions:B's should present his paper immediately before C's presentation; their presentations cannot be separated by the lunch break.D must be either the first or the last scientist to present his paper.45. In case C is to be the fifth scientist to present his paper, then B must be.

A. First  
B. Second  
C. Third  
D. Fourth  
E. Sixth

18 Choose the best answer; that is the response that most accurately and completely answers the question.Drama Producers earn their profits primarily from advertising revenue, and potential advertisers are more likely to advertise in TV with a wide network, a large number of cable operators and other views than with other channels However the coverage of the channel that is currently the most popular one in this city has steadily declined during the last two years, while the coverage of one of its competitors has steadily increased. Any of the following if true would help explain the apparent discrepancy between the two statements above EXCEPT:

A. The most profitable producer in the city receives revenue from its subscribers as well from advertisers.  
B. Advertisers generally switch from the most popular channel to another one only when the other one becomes the most popular instead.  
C. The number of channels competing viably with the most profitable channel in the city has increased during the last two years.  
D. The network of the most profitable TV channel in the city is still greater than of any of its competitors.  
E. Advertising rates charged by the most profitable TV channel in the city are significantly higher than those charged by its competitors.

19 Choose the answer you think is most appropriate among the given options.Nine individuals - Z, Y, X, W, V, U, T, S and R - are the only candidates who can serve on three committees labeled A, B and C.Each candidate should serve on exactly one of the committees.Committees A should consist of exactly one member more than that of committees B.It is possible that there are no members of committees C. Among Z, Y and X none can serve on committee A. Among W, V and U none can serve on committee C. Among T, S and R none can serve on committee C.14. In case R is the only individual serving on committee B, which among the following should serve on committee A?

A. W and S  
B. V and U  
C. V and T  
D. U and S  
E. T and S

20 Choose the answer you think is most appropriate among the given options.Four captains and the first mates of three of them were called to attend the annual meeting at head quarters. The captains were Luqman, Manzoor, Nauman and Osaf: the first mates were Ayesha, Durya and Gia. Each person in turn delivered a report to the chairperson as follows:Each of the first mates delivered their report exactly after her captain. The first captain to speak was Manzoor, and captain Nauman spoke after him.(Represent the person with first letter of his name)22. In case L speaks after A, and A is the third of the first mates to speak, then among the following statements which would be untrue?

A. O spoke immediately after G  
B. The order of the first four speakers was M, G, N, D  
C. O's first fourth mate was present  
D. A was the fourth speaker after M  
E. The captains spoke in the order M, N, O, L
