

NAT II Biological Science Verbal

Sr	Questions	Answers Choice
1	After completing her usual morning walk, Salma found herself ----- tired.	<p>A. Surprisingly B. More C. Slowly D. Unceasingly E. Incessantly</p>
2	SUGAR : SACCHARIN::	<p>A. Slimming : Fattening B. Lace : Collar C. Cotton : Polyester D. Syrup : Molasses</p>
3	<p>Recent advances in science and technology have made it possible for geneticists to find out abnormalities in the unborn foetus and take remedial action to rectify some defects which would otherwise prove to be fatal to the child. Though genetic engineering is still at its infancy, scientists can now predict with greater accuracy, a genetic disorder. It is not yet an exact science since they are not in a position to predict when exactly a genetic disorder will set in. While they have not yet been able to change the genetic order of the gene in germs, they are optimistic and are holding about that in the near future they might be successful in achieving this feat. They have, however, acquired the ability to manipulate tissue cells. However, genetic mis-information can sometimes be damaging for it may adversely affect people psychologically. Genetic information may lead to a tendency to brand some people as inferiors. Genetic information can therefore be abused and its application in deciding the sex of the foetus and its subsequent abortion is now hotly debated on ethical lines. But on this issue geneticists cannot be squarely blamed though this charge has often been leveled at them. It is mainly a societal problem. At present genetic engineering is a costly process of detecting disorders but scientists hope to reduce the costs when technology becomes more advanced. This why much progress in this area has been possible in scientifically advanced and rich countries like the U.S.A., U.K., and Japan. It remains to be seen if in the future this science will lead to the development of a race of supermen or will be able to obliterate illness from this world.</p> <p>Q: why, according to the author, is genetic misinformation severely damaging?</p>	<p>A. The cost involved is very high. B. Some people are unjustly branded as inferior. C. Both A and B D. Neither A nor B</p>
4	GLORIFY	<p>A. Rectify B. Appraise C. Extol D. Abase E. Exalt</p>
5	After a period of protracted disuse a muscle will atrophy _____ both its strength and the ability to perform its function	<p>A. Insuring B. Regaining C. Sustaining D. Losing</p>
6	Nobody has come to see us _____ we bought these fierce dogs	<p>A. Since B. For C. When D. Till</p>
7	BANAL	<p>A. Philosophical B. Original C. Dramatic D. Headless E. Commonplace</p>
8	The incident of Fall of Dhakka took place in.	<p>A. 1970 B. 1972 C. 1971 D. 1973</p>
9	TEMPERANCE	<p>A. Miserliness B. Callousness C. Dissipation D. Sloth E. Hospitality</p>
		<p>A. Temple : Shrine B. ...</p>

10	CHURCH : SPIRE::	B. Opera : Stage C. Courtroom : Bench D. Mosque : Minaret
11	If they share burden alternatively, then	A. Won't get tired B. Will get fatigued C. Can't feel tiring D. Will get tired soon E. Don't get tired
12	ESOTERIC:	A. Fair B. Popular C. Alluring D. Private
13	PRECIOUS	A. Honor B. Treasured C. Paltry D. Jewel E. Valuable

The Romans – for centuries is the masters of war and politics across Europe, Northern Africa and Asia Minor – have often been criticized for producing few original thinkers outside the realm of positive. This criticism, while in many ways true, is not without its problems. It was, after all the conquest of Greece that provided Rome with its greatest influx of educated subjects. Two of the great disasters intellectual history – the murder of Archimedes and the burning of Alexandria's library – both occurred under Rome's watch. Nevertheless, a city that was able to conquer so much of the known world could not have been devoid of the creativity that characterizes so many other ancient empires.

Engineering is one endeavor in which the Romans showed themselves capable. Their aqueducts carried water hundreds of miles along the tops of vast arcades. Roman roads built for the rapid deployment of troops, criss-cross Europe and still form the basis of numerous modern highways that provide quick access prominence to Rome's economic and political influence.

14	Many of these major cities lie far beyond Rome's original province, and Latin-derived languages are spoken in most Southern European nations. Again a result of military influence the popularity of Latin and its offspring is difficult to overestimate. During the centuries of ignorance and violence that followed Rome's decline, the Latin language was the glue that held together the identity of an entire continent. While seldom spoken today, it is still studied widely, if only so that such master orator as Cicero can be read in the original.	A. The Latin languages B. Military accomplishments C. An extensive system of roads D. A democratic system of governments E. Wide-ranging economic influence
	It is Cicero and his like who are perhaps the most overlooked legacy of Rome. While far from being a democracy, Rome did leave behind useful political tools that serve the American republic today. "Republic" itself is Latin for "the people's business," a notion cherished in democracies worldwide. Senators owe their name to Rome's class of elders; Representatives owe theirs to the Tribunes who seized popular prerogatives from the Senatorial class. The veto was a Roman notion adopted by the historically aware framers of the Constitution, who often assumed pen names from the lexicon of Latin life. These accomplishments, as monumental as any highway or coliseum, remain prominent features of the Western landscape.	
	Which of the following is Not described in the passage as a part of ancient Roman life that left a lasting legacy?	

15	Death: Lament	A. Impose: Fine B. Cast: Vote C. Make: Furniture D. Celebrate: Centenary E. Learn: Lesson
16	UNAFFECTED	A. Defective B. Insincere C. Transparent D. Weird E. Immune
17	SYBARITE	A. Childless B. Vascular C. Ascetic D. Imposter E. Veteran
18	Prelude: Symphony	A. Drama: Epilogue B. Epilogue: Prologue C. Meal: Dessert D. Ticket: Show E. Preamble: Constitution

19	After reaching New York, Azhar will have to _____ himself to the new surroundings.	A. Submit B. Adapt C. Mix D. Develop E. Acquaint
20	TEDIOUS	A. Plainspoken B. Refreshing C. Coarse D. Appropriate E. Hygienic
