- Q: Which of the above statements can be said to have been derived from two other statement?

- A. Statement 1
- B. Statement 2
- C. Statement 3
- E. Statement 6

One's ability to adjust in an environment successfully leads to happiness. War at a universal level destroys the weaker people, who are the most unable to adjust to their environment. Thus, war at the universal level puts weakling out of their misery and allows more space for their predators to enjoy life in a better manner. As those actions have to be performed, which maximize the level of happiness of the greatest number, war at a universal level should take place.

- Q: The author's discussion would be greatly weakened, if he agreed to which of the following?
- I- Technology could change the environment.
- Il- War at the universal level would be an integral part of the environment.
- III- It is possible for the strong to survive without suppressing the weak.

A. I only

B. II only

C. III only
D. I and III only

E. I, II and III only
