

## Mathematics (English Medium) - 5th Class Math English Medium Chapter 2 Short Questions

Q1. HCF using by prime factorization

**Ans 1:** 10,18,22

---

Q2. Find the following LCM using division.

**Ans 1:** 10,20,30

---

Q3. Find the HCF following Numbers prime factorization.

**Ans 1:** 24,40

---

Q4. Find the HCF following Numbers.

**Ans 1:** 56,84,88

---

Q5. Find the LCM of the using division number

**Ans 1:** 4,9

---

Q6. using division method Find the HCF.

**Ans 1:** 57,76,95

---

Q7. Find the HCF of the following numbers by usng division method.

**Ans 1:** 25,75

---

Q8. Find the HCF numbers by using division method.

**Ans 1:** 42,98

---

Q9. Find the HCF by division.

**Ans 1:** 15,45

---

Q10. HCF following number using prime factorization .

**Ans 1:** 20,40,82

---
