

General Science - 10th Class General Science English Medium Chapter 11 Short Questions Test

Q1.	Write two	benefits	of	PINSTECH.

Ans 1: PINSTECH institute helps in many ways but most important benefits are

Ans 2: Benefits.

- 1- This institute to helps research in nuclear science in order to develop our country.
- 2- Special nuclear materials and higly sophisticated instruments are made on limited scale.

Q2. What is CHASNUPP.

Ans 1: In 1992 in collaboration with china, another nuclear plant called Chasma Nuclear power Plant was established on river Indus near Mianwali.

Q3. Briefly explain CHASNUPP.

- **Ans 1:** In 1992,in collaboration with china, another nuclear plant called Chasma Nuclear Power Plant was established on river Indus near Mianwali
- Ans 2: Production: Its total production capacity is 300 mega watt in this plant uranium is used as fuel.
- **Ans 3:** Importance: Nuclear energy is playing a vital role in fulfilling the ever increasing demand of electricity of the country. It doesn't damage atmosphere too.
- Q4. What is meant by Habble telescope.
 - **Ans 1:** Hubble telescope is the largest space telescope, launched in space in April 24, 1990, The size of its mirror is 2.5 metre and its weight is 11 tonnes.
- Q5. Which space probes did collect the samples of solt and rocks from the surface of Mars.
 - **Ans 1:** America sent two space probes in 1976, which collect different samples of soil and rocks after landing on the surface of Mars. Names of these two space probes are Viking-1 and Viking-2
- Q6. How many production capacity in KANUPP.
 - Ans 1: Its total production capacity is 137 megawatts. In this plant uranium is utilized as fuel.

- Q7. Write two uses of Artificial Satellites.
 - Ans 1: 1- Communication satellites facilaties us to a very large extentin television, telephone and radio communication.
 - **Ans 2:** 2- Cosmic rays in space are also studies with the help of artificial satellites.
- Q8. Differentiate between Meteorology and climatology.
 - **Ans 1:** A branch of science in which the weather is studies for a short time by a factor like rain, sunshine, temperature and air pressure is called meteorology wheeas the branch which studies the climate for a long time is called climatology.
- Q9. Who was the first man enter in space.
 - Ans 1: The first man went in space on 12th April 1961 was Russian cosmonaut Yuri Gagrin

Q10. What is KANUPP

Ans 1: This first nuclear power plant was established in Karachi in collaboration with Canada in 1972 whose name of Karachi, Nuclear power plant.
