

English - 9th Class English Chapter 10 Preparation

Q1. Are drug addicts aware of the dangers of drugs

Ans 1: Yes they are aware of the dangers of drugs but they are helpless as they are totally dependent on drugs

Q2. What is the role of counselling in preventing drug addiction?

Ans 1: Counselling plays an important role in preventing drug addiction. Counselling means professional advice. It is needed for better motivation even after the drug addict recovers. It is through counselling that we can make a drug addict have a new set of habits.

Q3. Which environmental factors are responsible for drug addiction

Ans 1: Environmental factors which are responsible for drug addiction are bad peer influence, family conflict and home management problems

Q4. What are the responsibilities of the families to ensure complete recovery of such patients?

Ans 1: They should take such patients to rehabilitation centres. They should seek an expert's counsel even after the drug addict is rehabilitated. They should help the patient to take off this habit permanently.

Q5. What are the causes of drug addiction.

Ans 1: Drug addiction is caused both by genetic and environmental factors. When a person has genetic abnormalities and is dissatisfied with his life due to troubled domestic background and bad social conditions, he resorts to drugs.

Q6. What treatment is available at rehabilitation centres for drug victims

Ans 1: Complete medical support and guidance is available at the rehabilitation centers for drug addicts

Q7. What is the role of counselling in preventing drug addiction

Ans 1: Counselling plays an important role in preventing drug addiction. Counseling means professional advice. It is needed for better motivation even after the drug addict recovers. It is through counselling that we can make a drug addict have a new set of habits.

Q8. What important role do rehabilitation centers play in controlling drug addiction?

Ans 1: Rehabilitation centers play the most important role to control drug addiction. Drug addicts are strictly supervised in these centers. They are given complete medical support and guidance to shake off this habit.

Q9. Why do families feel reluctant to take the drug rehabilitation centres?

Ans 1: They are reluctant to take the drug victim to rehabilitation centres for fear of being insulted by their relatives and friends.

Q10. Why do families feel reluctant to take the drug victim to drug rehabilitation centres?

Ans 1: They are reluctant to take the drug victim to rehabilitation centers for fear of being insulted by their relatives and friends.
